1956

Yoder Brothers, Inc.,
Barberton, Ohio

Ivory

- TWENTY GRAND A medium early winter flowering ivory; a fine keeper.
- APOLLO Larger flowered ivory. More vigorous than Margaret.
- CITATION Ivory, earlier than Apollo or Twenty Grand. Large ruffled floret. Compact floret spacing.

White

- JET PILOT A medium early paper white.
- WHITE KNIGHT A paper white snap. Medium to long compact spikes with well placed florets. Growth is firmer and less grassy than that of Snowman and flowering is earlier.
- ALBION Paper white hybrid. 10 - 14 days later than White Knight from same sowing and benching dates. Little heavier growth. Very valuable in maintaining a continuity of paper white when grown with White Knight. Clean growth, uniform long spikes. Recommended for January thru the first week in May. Equal in all respects to White Knight.

Bronze

- CAVALCADE A lively golden bronze; outstanding keeper.
- GALLANT FOX Deep orange bronze, similar in color to Lady Dorothy.

Yellow

- WAR ADMIRAL A yellow, outstanding in vigor, uniformity and spike formation.
- SEABISCUIT Follows War Admiral, Patricia and Day Star in yellow. Outstanding winter or spring.
- BROKER'S TIP A deep yellow with medium sized florets. Little or no side growth. Flowers after Seabiscuit. Well adapted for continuing flowering later into the spring.

Red

- COMMANDO A good red hybrid snap. A pleasing color. Earliness, clean growth habit, marked vigor and uniformity add up to a fine novelty variety.
- MAN-O-WAR An intense red hybrid with a lightly suffused yellow lip. Very stocky, clean, uniform growth. Large florets with compact placement. Valuable for the Christmas season. Recommended for late December through mid April. Much earlier, more uniform and shorter than Navajo. Color intensifies Commando.

Dark Pink

- PENSIVE A dark pink. Flowers just after Christmas Cheer.
- PRESTIGE A lustrous dark pink; a new color in Yoder snap hybrids.

Lavender

- BOLD VENTURE Early, uniform, hard stem. Medium floret size. Color a rich lavender or bright, light magenta.

Light Pink

- WHIRLAWAY Medium early light pink; large floret; close spacing; long spike.
- TOP FLIGHT A light pink, earlier than Christina. Partially shatterproof in presence of ethylene.
- ROSEBUD A soft pastel pink with long spikes and giant-sized florets. Wing petals are slightly ruffled. Color holds well through April. Displays real hybrid vigor.

Rose Pink

- CRUSADER Color and season that of Dorcas Jane.
- POMPEY Color nearly same or little deeper than Dorcas Jane.
- ROWENNA A light rose pink with medium to long spikes. Florets are semi-erect and adhere closely to the stem which makes the variety very adaptable for bunching.
- WINTERGREEN A light rose pink of very fine quality. Unusually compact spikes. Stiff wiry growth with complete lack of grassiness.
- NATIVE DANCER A light rose pink hybrid possessing the greatest degree of vigor yet observed in mid-winter snapdragons. Very long spike on clean, strong stems. Compact placement of large florets. About 10 days later than Rosebud, supplementing it well in the same sowing and benching program. Recommended for mid-December through early May.

Selling Price (all varieties) - \$3.50 per packet

VARIETY RESPONSE GROUPS

<u>Recommended Varieties</u>	<u>GROUP A</u>	<u>Recommended Flowering Period</u>		
Rowenna (Pink)		Dec. 5	thru	Apr. 23
